

2.3 Teaching Learning process

2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process :

Response:

The teaching methods are reconstructed in a way that the traditional teaching-learning methods like lectures and practical updated with student centric methods such as experiential learning, participative learning and problem solving methodologies for enhancing the learning experience.

Problem Based Learning : The college carried out problem based learning to develop and enrich students critical thinking and reasoning solving ability. The departments of Commerce and English are using this method successfully for enhancing the learning experiences of the students.

Participative Learning :

College teachers motivate the students to participate in innovative teaching learning process. The students actively participate in activities such as: Class seminars / PowerPoint presentation, Group discussions, Questioning method/Quiz method, Field visits/Industrial visits/Survey etc. For PowerPoint presentation methodology students collect the data on different topics from reference books, internet search, e-book and present their topics in front of class students.

College have NSS unit, the NSS department organized student activities to promote the participative learning. Our students actively participated in Tree Plantation, Swatchha Bharat Abhiyan, Cultural and Sports Competitions.

Problem solving methodologies: - The teachers help students to developed logical thinking and gained practical knowledge during teaching in class room. Problem solving methods are extensively used in the teaching of Mathematics, Statistics and Commerce. Group discussion developed problem solving strategies among the students. Students formulated their own problem solving methods while working on class projects.

A handwritten signature in black ink, appearing to read 'Kant', is written over a light blue background.
